### May Quick Tips:

- Senior Farewells – Start a new tradition or add on to your current programming. Planning a school-wide Senior goodbye is a great way to add to your school's culture
- Settle up – May is a great time to look at your accounting books. Remind students of any past dues and collect money before they leave for summer break.
- Summer Fundraisers – This is a great opportunity to keep your momentum going until the fall (and a worthwhile project to work on). Plan a group fundraiser while your students around!
