

# REGIONAL SUPER CONNECT

REGISTER TODAY!

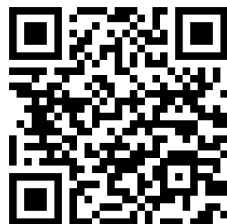

## About The Event

Regional Super Connect conferences aim to support our growing need for creative, intuitive and quality programming to support your building culture and program needs. A Regional Super Connect is a one-day event that includes impactful keynote speakers, creative and fun themes, leadership activities and student networking opportunities. Most importantly, each event provides a platform for student voice through our Student Showcase presentations and Michigan Student Voice competition!

### BODCAST SESSIONS

The Michigan Student Board of Delegates will facilitate a unique presentation designed around a current issue.

## Amplifying Student Voice

### SHOWCASE PRESENTATIONS

Student Showcases present topics, programs and ideas that are being implemented throughout the state.

Topics range from peer mentor groups, anti-bullying programs, community service projects and much more. Each Showcase contains detailed information on the actions student leaders took to create change in their school and the steps needed for others to put these ideas to work in their own communities.

### MICHIGAN STUDENT VOICE

Michigan Student Voice is a program designed to give our leaders the opportunity to present meaningful topics in a fast paced TED Talk presentation style. MSV is a keynote presentation competition, allowing students to compete for the chance to speak on stage at our State Conference in February.
